

Power up your hybrid teaching with Lenovo BYOD

Lenovo

Windows 11

Windows 11: The right device for every user

Transform the way your students learn

As schools around the world increasingly embracing hybrid lesson delivery, the transition presents unique challenges for educators:

- 1 **Keeping learners focused and engaged**
- 2 **Effective real-time collaboration and timely feedback**
- 3 **Access to resources that can meet the needs of each individual student**
- 4 **Lesson disruptions caused by technological issues**

Effective blended learning is not just about moving the curriculum online. Educators need the right classroom technology to optimize their students' learning experiences and be future-ready.

Engineering a Smarter classroom to inspire the next generation of learners with Lenovo BYOD

Innovative devices supported by Windows 11

ThinkBook 14s

Powered by up to 11th Gen Intel® Core™ i7 processors and smart features that streamline your workflow. A 14" FHD display with Dolby Vision™ and thin bezels provides crisp and wide visuals for your online teaching and learning.

ThinkPad L13

Features Dolby Audio Premium™, which delivers crystal-clear audio for your online education. And dual far-field mics ensure that you'll be heard clearly on every call as well.

ThinkCentre M80s SFF

It is compact enough to use on top of your desk, but even if it's underneath, you can turn it on via optional ThinkCentre Vertical Stand provides extra stability and gives it an upward-facing angle.

Leverage best-in-class devices, solutions, and services from Lenovo BYOD to create a vibrant virtual classroom where learning can take place without limits.
